TC1210 NATIVE / TC1210-DT Plug-in Installer

Version 2.0.02 (21 Apr 2020)

Changes in version 2.0.02

- **Desktop Controller UI implemented in Plug-in GUI**
- **Full plug-in functionality with and without Desktop Controller**
- **Huge Collection of Additional Factory Presets**
- Fixed graphics scaling issue on Windows 10
- Fixed potential issue on MacOS Catalina notarized DAWs and Desktop controller not connecting on USB
- General Performance Improvement
- Note: The iLok License Manager needs to be installed on your computer also if you have bought the DT Desktop Controller version. In this case you don't need to create an iLok account or activate any license.
