MICROHD HD400

Ultra-Compact 2-Channel Hum Destroyer

- Removes AC hum and noise - fast, easy and reliable
- Breaks ground loops safely, while keeping highest sonic quality
- 2 independent channels for 2 mono or 1 stereo signal
- Automatically converts unbalanced to balanced signals without signal loss
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

The HD400 is the ultra-affordable way to quickly and easily clean up your act! Whether you're recording or performing, it's important to keep AC hum out of the mix. No matter the quality of the venue's wiring, the MICROHD HD400 Hum Destroyer eliminates AC hum quickly and reliably.

Mighty Hum Hunter

The HD400 features two channels allowing you to eliminate hum in two mono signals or one stereo signal. Placing the HD400 in-line between your stereo mixer and power amps for a squeaky-clean sound free of AC hum. It breaks ground loops safely while maintaining the highest sound quality. It can even convert your unbalanced signals into balanced without any signal degradation.

*Warranty details can be found at music-group.com.

MICROHD HD400

Ultra-Compact 2-Channel Hum Destroyer

Hum Killer of a Deal

The incredibly-handly MICROHD HD400 is small enough to ride the gig in your pocket, but really big when it comes to cleaning up your sound. Pick one the HD400 at your local [BEHRINGER](#) dealer, or get yours online today – and make AC hum a thing of the past!

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own **MUSIC Group** factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous **3-Year Warranty** program.
