# POLYTUNE 2 MINI

Ultra-Compact Tuner with Polyphonic, Chromatic and Strobe Modes plus 109-LED Display for Ultimate Tuning Performance

- Ultra-compact tuner with polyphonic, chromatic and strobe tuning for fast and accurate tuning
- Super-bright 109-LED display and an ambient light detector provide an instant and clear readout in all viewing conditions
- Tiny footprint easily fits on any pedal board
- Polyphonic tuning allows you to tune all your strings at once
- Lightning-fast chromatic tuner offers 0.5 cent accuracy
- Ultra-precise strobe tuner gives you  $\pm 0.1$  cent accuracy for ultimate tuning performance
- Tuner magnet feature slows the needle when you get close to the target pitch, making it easy to tune up fast
- Automatically switches between polyphonic and monophonic tuning modes based on how many strings you play
- True bypass and silent tuning footswitch provides optimum clarity and zero high-end loss when the pedal is off
- Internal memory retains preferences even after power down so you only have to set things once
- Flat, "Drop D" and capo tuning settings for total tuning flexibility
- 3-Year Warranty Program\*
- Designed and engineered in Denmark

## Perfect Pitch

Our mission since introducing POLYTUNE to the world in 2010, has simply been to make tuning better, faster and more awesome. With POLYTUNE 2 MINI, you get a tuner that does all of that – by the truckload!

With its ultra-bright display, groundbreaking polyphonic tuning mode, insanely fast and accurate strobe tuner, POLYTUNE 2 MINI serves

up a massive upgrade for your pedalboard – while claiming very little of your precious pedalboard real estate. Pure POLYTUNE Win!

- Super small footprint
- Polyphonic, chromatic and ultra-precise strobe tuning modes
- Retina-scorching bright display

## Attuned to Your Board

Staying in tune is without any doubt the most important thing in music, but that doesn't mean that a tuner should take up valuable space on your pedalboard. With POLYTUNE 2 MINI you don't just get a small tuner, you get the SMALLEST polyphonic tuner in the world! So besides getting a super fast and precise tuner, you also get room for more gear. POLYTUNE 2 MINI just keeps on giving.

## Guided by the Light

As if packing our award-winning PolyTune technology into a tiny enclosure wasn't enough, we managed to pack in 109 ultra-bright LEDs to ensure that no matter what, you get an instant and clear readout with regards to your tuning. And you know what that means? Less time spent tuning – and more time rockin'!

### Pocket-sized Precision

By transferring our ultra-precise chromatic strobe tuner from the POLYTUNE 2 to this highly compact enclosure, we've actually managed to blow our own minds! You get  $\pm 0.1$  cent of tuning accuracy, which is technical mumbo jumbo for "Damn, that's great"! So whether you need a quick tune-up on stage, try out a new altered tuning, or just setup your intonation with unparalleled precision, POLYTUNE 2 MINI has all bases covered.

### You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Tribe factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous Warranty program.
