

POLYTUNE 2 NOIR

Ultra-Compact Tuner with Polyphonic, Chromatic and Strobe Modes plus 109-LED Display for Ultimate Tuning Performance

- Ultra-compact tuner with polyphonic, chromatic and strobe tuning for fast and accurate tuning
- Super-bright 109-LED display and an ambient light detector provide an instant and clear readout in all viewing conditions
- Tiny footprint easily fits on any pedal board
- Polyphonic tuning allows you to tune all your strings at once
- Lightning-fast chromatic tuner offers 0.5 cent accuracy
- Ultra-precise strobe tuner gives you ± 0.1 cent accuracy for ultimate tuning performance
- Tuner magnet feature slows the needle when you get close to the target pitch, making it easy to tune up fast
- Automatically switches between polyphonic and monophonic tuning modes based on how many strings you play
- True bypass and silent tuning footswitch provides optimum clarity and zero high-end loss when the pedal is off
- Internal memory retains preferences even after power down so you only have to set things once
- Flat, "Drop D", and capo tuning settings for total tuning flexibility
- 3-Year Warranty Program*
- Designed and engineered in Denmark

Pitch Black

The first POLYTUNE NOIR raised the bar for how über-cool a tuner could be with its compact design and sleek black look. Now POLYTUNE 2 NOIR is here to rock pedalboards around the world! Featuring a super-bright LED display, an insanely-accurate strobe tuner and our groundbreaking polyphonic tuning mode, POLYTUNE 2 NOIR packs the most-innovative tuning technology into a tiny enclosure in the coolest color of all – basic Black. Tuning has simply never been more rock 'n' roll!

- Super small footprint
- Polyphonic, chromatic and ultra-precise strobe tuning modes
- Retina-scorching bright display

Attuned to Your Board

Staying in tune is without any doubt the most important thing in music, but that doesn't mean that a tuner should take up valuable space on your pedalboard. With POLYTUNE 2 NOIR you don't just get a small tuner, you get the SMALLEST polyphonic tuner in the world! So besides getting a super fast and precise tuner, you also get room for more gear. POLYTUNE 2 NOIR just keeps on giving.

Guided by the Light

As if packing our award-winning PolyTune technology into a tiny enclosure wasn't enough, we managed to pack in 109 ultra-bright LEDs to ensure that no matter what, you get an instant and clear readout with regards to your tuning. And you know what that means? Less time spent tuning – and more time rockin'!

Pocket-sized Precision

By transferring our ultra-precise chromatic strobe tuner from the POLYTUNE 2 to this highly compact enclosure, we've actually managed to blow our own minds! You get ± 0.1 cent of tuning accuracy, which is technical mumbo jumbo for "Damn, that's great"! So whether you need a quick tune-up on stage, try out a new altered tuning, or just setup your intonation with unparalleled precision, POLYTUNE 2 NOIR has all bases covered.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Tribe factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous Warranty program.
