4 Times the MASHing Power

With a quartet of our award-winning MASH switches onboard, HALL OF FAME 2 X4 REVERB sets the standard for expressive reverb effects. Aside from toggling between 4 different verb tones, each MASH switch can handle up to 3 effect parameters, reacting to how hard you press the switch with your foot.

Your Private Vault at the Reverb Bank

It's well and good to have 4 preset footswitches at your disposal, but If you're really getting into some seriously reverb-laden music, you might as well go all in and double up the stakes. HALL OF FAME 2 X4 REVERB's two preset banks let you step on a brand new set of verbs, totaling 8 different easily-accessible presets. That should be enough to get you through the first half of your set...

True to Tone

You love tone, so do we, and our design philosophy testifies to that. So whatever route you wanna go, we got your back. With optimized headroom, True Bypass or Buffered Bypass switch and Kill-Dry on/off, this pedal guarantees optimal tonal integrity and zero loss of tone. And, no matter if the pedal is on or off your precious dry sound is always passed through the pedal unharmed in all it's pure analog glory due to an Analog-Dry-Through.
