BC208

Vertical 200 Watt 2 x 8" Portable Bass Cabinet with Superior Tone

- 200 Watt bass cabinet for stage and studio use featuring great sounding custom drivers
- 2 x 8" custom drivers for deep fundamental bass tone
- Compact and lightweight bass cabinet design
- Vertically stackable with other cabinets for uncompromising full-frequency sound
- Dual speaker link connections on premium ¼" connectors (8 Ohm impedance)
- Stylish "anti-skid" covered plywood cabinet designed for toughest life on the road
- Heavy duty metal grille for toughest road use
- 3-Year Warranty Program*
- Designed and engineered in Denmark

BC208 is a powerful, compact bass cabinet with plenty of low-end punch, making it ideal for small venue gigs and rehearsal spaces, as well as the recording studio. It's perfect for clear, focused bass tones, and its practical form factor makes BC208 as easy on your back as your bank account.

Lightweight Low-End

Featuring a pair of powerful 8" custom-engineered drivers, BC208 is voiced for deep fundamental bass tones with 200 Watts of power handling capability. This twin 8" speaker configuration is unmatched for clear and focused bass tones with an immediate response and super-tight feel. BC208 produces loads of low-end thump that will blow your mind, especially coming from a cabinet of this size!

Rack 'em and Stack 'em

Designed to stand either horizontally or vertically for tight stage arrangements, BC208 makes it easy to stake your claim to your share of the stage real estate with the rest of the band. Dual speaker link connections on premium ¼" connectors allows you to stack your BC208(s) with any other TC cabinet for an unrivaled bass tour de force!

Grind that bass for a long time

As a gigging musician, you're always on the move and your gear simply has to keep up. That's why BC208 is built from hard plywood covered in a tough, stylish anti-skid material that keeps your setup safe and solid grounded to the stage. The front is finished with a heavy duty metal grille that shields the drivers from all kinds of on-stage antics – and the occasional overly-enthusiastic roadie. Built strong, and built to last – that's the incredible BC208!

You Are Covered

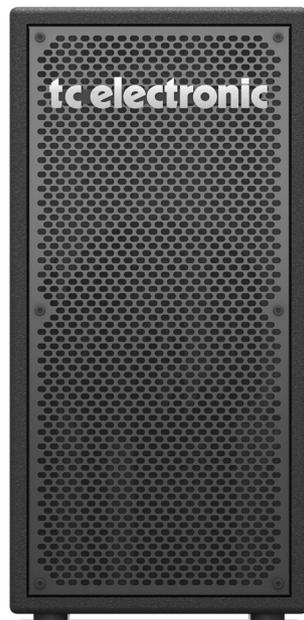

We always strive to provide the best possible Customer Experience. Our products are made in our own Music Tribe factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous Warranty program.
