- Tannoy - 90 years of British sound heritage and innovation
- 3-Year Warranty Program*
- Designed and engineered in the U.K.

Music is an art form that needs to be experienced in all its beauty, detail, and nuance without the colouration that can instantly detract from its purest essence. Tannoy has been at the forefront of audio innovation for over 90 years, and LIFE BUDS wireless earbuds now bring that legendary performance to your on-the-go wireless listening. Designed for an immersive true stereo experience, LIFE BUDS use a proprietary DSP (Digital Sound Processor) to replicate the sound of our award-winning Dual Concentric single point source loudspeakers.

High Quality Sound

The Dual Concentric driver technology used in Tannoy loudspeakers provides class-leading coherence and point-source imaging for that highly sought after and truly natural sound. Thanks to their built-in DSP, your LIFE BUDS deliver those same breathtaking dynamics, along with powerful transient response and unparalleled realism across a wide frequency range – with virtually zero colouration. Breathtaking yesterday; equally breathtaking today...

Audiophile Wireless Earbuds with Immersive Single Point Source Audio

Hours of Playback Time

When fully charged, your LIFE BUDS provide 4 hours of playback time and work with any Bluetooth* device – including the latest version 5.0. They come packaged inside a compact soft-touch carry case that also serves as a convenient recharging station, providing up to 12 additional hours – for a total of 16 hours play time. As long as your LIFE BUDS are stored in the charging case when not in use, they are always at the ready. Plus, LIFE BUDS automatically pair with your Bluetooth device the instant you remove them from the charging case.

Music & More

LIFE BUDS' outstanding performance goes far beyond its high quality sound with features that include: a built-in microphone for crystal clear hands-free calling; single-touch and automatic pairing with your phone or any Bluetooth playback device; convenient multi-function touch controls for 1-touch power, pairing, play, stop, skip, call answering, and much more. Your LIFE BUDS will become your new favourite go-to device for your life on-the-go!

Unparalleled Comfort & Isolation

In order to fully enjoy your music experience, you need superior audio isolation. That is why LIFE BUDS include a range of silicon earbud sizes to provide a custom fit that allows you to shut out the rest of the world. The high-grade earbuds provide maximum comfort, whilst LIFE BUDS' design makes them compact, sweat proof, lightweight and discreet.

The Legacy Lives On

TANNOY's long and storied legacy is built upon a simple philosophy; design and build amazing audio-delivery systems – and LIFE BUDS proudly continues that timeless tradition. Cut the cord and enjoy Bluetooth 5.0 wireless freedom with Tannoy LIFE BUDS.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own Music Tribe factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous Warranty program.
