ULTRAVOICE XM8500 Microphone

The **XM8500** dynamic microphone is a performing/home recording enthusiast's dream come true! This professional-quality microphone is designed to capture your sound with outstanding sensitivity and accuracy. With its cardioid pickup pattern for excellent sound source separation and feedback rejection, this ultra-wide frequency response mic is an excellent choice for any performing or recording scenario – and it's rugged enough to go the distance! With its integrated shock mount system, mic stand adapter, spherical wind and pop filter, all in an impact-resistant carrying case – the **XM8500** just may be the only microphone you'll ever need.

Professional HPM1000 Headphones

HPM1000 headphones provide everything you need for comfortable listening. The oval-shaped ear cups contain high-resolution capsules that deliver every nuance of your sound. Featuring a single-sided cord that resists tangling; an ultra-comfortable headband; and a 1/4" adapter for the 1/8" connector, **HPM1000** phones are compatible with everything from your smartphone – to your mixing console.

Free Software Would Be Nice!

Because you'll want to take full advantage of your **XENYX 302USB's** recording and podcasting potential, we've included all the software you'll need for audio recording, editing and even podcasting – all free of charge and downloadable from behringer.com. You'll be ready to go live on your PC or Mac right out of the box! We've also provided a free download of more than 150 virtual instruments and FX plug-ins – turning your computer into a powerful home-based or mobile recording studio from input to output.
