- Runs on 9 V battery or the BEHRINGER PSU-SB DC power supply (not included)
- First-class electronic On/Off switch for highest signal integrity in bypass mode
- 3-Year Warranty Program\*
- Conceived and designed by BEHRINGER Germany

Does your bass, guitar or keyboard need a dose of tonal magic to bring it back to life? Chances are... you need the SPECTRUM ENHANCER SE200! Nothing short of a miracle box, the SE200 enhances the sound of any instrument, by emphasizing its tonal spectrum – and it's so easy to use! With only 2 appropriately-named controls, Spectrum and Balance, you can instantly and easily breathe new life into your beloved instrument's tone.

## Surgical Enhancement

The amazing SPECTRUM ENHANCER SE200 lets you dial in just the right amount of sparkle, without giving your instrument that over-processed or brittle sound. You'll find harmonics jumping out of notes in places you've never heard before!

Sound Enhancement Effects Pedal

## Sound Value

Designed by our German tone connoisseurs, the SE200 is an excellent tool to have at your disposal; it makes any instrument (or even voice) come alive in the mix! Running on either a 9V battery or the optional **PSU-SB** DC power supply, your SE200 is good to go wherever the music takes you. Head on over to your local **BEHRINGER** dealer, or order from your favorite online seller – and put some sparkle back into your playing!

## You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own **MUSIC Group** factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous **3-Year Warranty program**.
