

# VINTAGE BASS VB1

Thank you for showing your confidence in us by purchasing the BEHRINGER VINTAGE BASS VB1. Specifically designed for bass guitar, this ultimate effects pedal produces psychedelic and speaking bass sounds which are typical for the P-Funk of the late '60s, one of the major influences of the current rap and hip-hop scene.

Both sweeping, dynamic filters of the VINTAGE BASS VB1 use slightly different frequencies to give your bass more presence for rhythm parts and a leading quality for solo playing. We added a distortion circuitry to enrich the harmonic content of your bass sound and extend the sound range of your instrument.

## 1. CONTROLS

Top view

- 1 Turn the *SENSITIVITY* control to adjust the range of both dynamic filters. You will notice that the output volume of your instrument also influences the effect intensity. Thus, turn the *SENSITIVITY* control clockwise and/or play louder with stronger attacks to increase the sweep range of both filters.
- 2 Use the *DIST* switch to overdrive your bass sound and increase the action of both filters. Depending on the setting of 1, the *DIST* effect ranges from harmonic enrichment (low sensitivity) to audible distortion (high sensitivity).
- 3 The *LED* illuminates when the effect is activated. It also serves as a battery level indicator.
- 4 Depress the footswitch to activate/deactivate the effect.
- 5 Use this 1/4" TS *INPUT* connector to plug in the instrument cable.
- 6 The 1/4" TS *OUTPUT* connector sends the signal to your amp.

Use the *DC IN* connection to plug in a 9 V power supply (not included).

The *BATTERY COMPARTMENT* is located on the bottom side of the unit. Open the lid to install or replace the 9 V battery.

**⚠ The VB1 has no on/off switch. As soon as you connect the jack to the INPUT connector, the VB1 is switched on. When the VB1 is not being used, remove the jack from the INPUT connector to extend the battery life.**

The *SERIAL NUMBER* is located on the bottom side of the unit.

## 2. WARRANTY

For our current warranty terms, please refer to our website at <http://www.behringer.com>.

### 3. SPECIFICATIONS

<b>Input</b>	
Connector	1/4" TS
Impedance	220 kΩ
<b>Output</b>	
Connector	1/4" TS
Impedance	1 kΩ
Power supply	9 V $\text{---}$ , 100 mA regulated BEHRINGER PSU-SB
	USA/Canada 120 V~, 60 Hz
	Europe/U.K./Australia 230 V~, 50 Hz
	China/Korea 220 V~, 50/60 Hz
	Japan 100 V~, 50/60 Hz
Power connector	2 mm DC jack, negative center
Battery	9 V type 6LR61
Power consumption	15 mA
Dimensions (H x W x D)	approx. 78 mm (3") x 142 mm (5 3/5") x 86 mm (3 2/5")
Weight	approx. 0.38 kg (0.84 lbs)

BEHRINGER is constantly striving to maintain the highest professional standards. As a result of these efforts, modifications may be made from time to time to existing products without prior notice. Specifications and appearance may therefore differ from those listed or shown.

### 4. SAFETY INSTRUCTIONS

Do not use near water, or install near heat sources. Use only authorized attachments/accessories. Do not service product yourself. Contact our qualified servicing personnel for servicing or repairs, **especially when power supply cord or plug is damaged.**

No utilizar cerca de agua o instalar cerca de fuentes de calor. Utilice sólo accesorios y aditamentos autorizados. No intente reparar el producto usted mismo. Contacte a nuestro personal técnico cualificado para servicio y reparaciones, **especialmente cuando la fuente o el cable de alimentación estén dañados.**

Не эксплуатуйте прибор вблизи от источников воды и тепла. Применяйте только авторизованные дополнительные устройства. Никогда не ремонтируйте прибор самостоятельно. Ремонт может производить только квалифицированный специализированный персонал, **особенно при повреждениях сетевого провода или сетевого вилки.**

水分の近くや、ヒーターなど熱気のある場所では使用しないでください。正式に認可された付属品のみを使用してください。製品はご自分では決して修理せず、特に電源コードもしくはプラグが損傷した場合には、必ず製品サービスおよびリペアの資格を有した当社の担当員にご相談ください。

不要在靠近水源的地方使用，或在靠近热源的地方安装。只使用经过许可的附件 / 配件。不要自己进行产品维修，**尤其是当电源线或插座损坏的时候**，请联系我们的专业服务人员有关产品维修事宜。
