

Footswitches and Remote Controls

DUAL A/B SWITCH AB200

Ultra-Flexible Dual
Programmable Footswitch

- Ultra-compact and universal 2-channel footswitch for stage and studio applications
- Usable for all products with external control functions such as guitar amps, keyboards, rhythm machines, lighting products, etc.
- Easily switch between two input signals into one output or vice versa (e. g. switch between two guitars using one amplifier or two amplifiers with one guitar)
- Programmable latching/non-latching modes selectable for both channels:
 - Non-latch mode momentarily engages the switch while you hold down the pedal
 - Latch mode changes the on/off status each time you press the pedal
- Relay switching technology for ultra-high impedance and signal integrity
- Dedicated LED indicators for precise status control
- Combine multiple AB200's together by using the side-mount interlock
- Runs on 9 V battery (not included)
- High-quality components and exceptionally rugged construction ensure long life
- Conceived and designed by BEHRINGER Germany

The DUAL A/B SWITCH AB200 universal, ultra-compact 2-channel footswitch is a convenient little accessory that every musician will sooner or later discover is worth its weight in gold! Use it on gear featuring external control functions such as guitar amps, keyboards, rhythm machines, lighting products and much more. You can also use the AB200 to switch two input signals between one output, or vice versa (e.g., switch between two guitars using one amplifier or two amplifiers with one guitar).

Switching Options

Latching/non-latching modes are selectable for both channels:

- Non-latch mode momentarily engages the switch while you hold down the pedal
- Latch mode changes the On/Off status each time you press the pedal

Programmable Footswitch

Switching Options

The must-have AB200 magical switch-box features a primary Input, a dedicated Output and an additional output that can double as a second input. You can even combine multiple AB200's together using the side-mount interlock to create your own personal master control system.

Value

When you need to switch between amps or instruments during a live performance, let the INSTRUMENT/AMP SELECTOR AB200 be your personal light-speed stagehand. The easy to use AB200 allows you to switch between 2 guitars into the same amplifier – or a single guitar between 2 different amps. Get the ultra-easy to use AB200 at your [BEHRINGER](#) dealer today – and start enjoying the freedom of choice. And if you want even more choices, you can get your AB200 online.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own **MUSIC Group** factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous **3-Year Warranty** program.
