

# FCV100

Ultra-Flexible Dual-Mode  
Foot Pedal for Volume and  
Modulation Control

- Volume control of 1 stereo or 2 individual musical instruments
- Dedicated modulation function for direct connection to keyboard's modulation control input
- VCA control for utmost reliability and smooth audio performance
- Adjustable minimal volume
- Standard 9 V battery or 12 V DC adapter operation (not included)
- Battery "low" indicator
- Ultra-compact, road-suitable housing
- 3-Year Warranty Program\*
- Designed and engineered in Germany

Get louder, get quieter, or get modulated with the outstanding FOOT CONTROLLER FCV100. This versatile pedal works equally well as a volume or modulation pedal – without tying up your hands or slowing down your performance.

## Routing Options Galore

The FCV100 can accommodate two mono or one stereo instrument via its dual ¼" Input jacks. By switching into Norm mode, the FCV100 is capable of controlling the volume of two individual instruments. In CV mode the FCV100 can control modulation and volume levels of other musical instruments by connecting Output 2 to the volume or modulation input of the instrument. In CV mode, when Output 2 is in use, Input/Output 1 can still be used for controlling the volume of another instrument, similar to Norm mode.

Modulation Control

## It's Easy!

Once you have determined your hookup configuration, simply depress the pedal to increase sound, then rock back on your heel to decrease the sound. By turning the Min Vol control, you can determine the minimum volume you wish to achieve. You can power this pedal with a 12 V DC Power adapter or a 9 V battery (not included).

## Sound Value

Dramatic shifts in volume and modulation can easily make the difference between an enjoyable musical passage – and an extraordinary listening experience! Take hold of these mystifying nuances with the FCV100, and enjoy full control over your tone. See your local [BEHRINGER](#) dealer, or place your order for the sensational FCV100 today!

## You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own [MUSIC Tribe](#) factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous [Warranty program](#).
