- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

They say you have to “pay your dues to sing the blues,” but the Blues Overdrive BO300 makes that a thing of the past. You get all the classic blues tones, from sweet and sassy to overtly obnoxious, with just a simple twist of the dial – and BO300 club membership can be yours for a song!

Classic Tone

Whether you seek the warm, vintage tube-amp howl that defined the electric blues, or the searing, saturated distortion that can bring the crowd to its feet – the BO300 accommodates. And just like those classic amps of yesteryear, the BO300 is incredibly responsive to your playing – allowing every nuance of your style to shine through.

Ease of Use

Create precisely the sound you want with the dedicated Level, Tone and Gain controls. A status LED tells you when it’s on or off, and you can run the BO300 on a 9 V battery or our PSU-SB DC power supply (not included). Thanks to its top-quality on/off switch, you get pristine signal integrity in bypass mode.
